

TO AUTHORS

Fragmenta Palaeontologica Hungarica publishes papers in fields of palaeontology and its interdisciplinary relations. Topic should be associated with the palaeontological research in Hungary (e. g. author, locality, depository of material, palaeobiogeographical or historical relations). Submission of a paper implies that it has not been published previously and is not under consideration for publication elsewhere.

Periodicity: It is published yearly by Hungarian Natural History Museum.

Deadline for submitting manuscripts: *first week of February every year*. Manuscripts should be sent to the editor (A. DULAI).

Editing, referees: all papers will be sent to two referees for peer review by the editorial board. Authors should submit the names, addresses and e-mail addresses of three authorities whose expertise makes them suited to review the paper. Authors should give a suggestion for a running heading.

Preparation of manuscripts (please, consult also the last volume of the journal): *Fragmenta Palaeontologica Hungarica* prefers manuscripts of paper size or parts of serieses. Papers must be written in English with British spelling.

Suggested construction of the manuscripts (underlined: obligatory component): Title, Author(s), Authors' addresses, e-mail(s), Abstract, Keywords, Introduction, Geological settings/Localities, Material, Methods, Main part of the paper with optional subtitles, Conclusions, Acknowledgements, References, Figure captions, Plate captions, Figures and Plates.

Text: Manuscript should be submitted in electronic file of Word or Rich Text Format (double spaced in Times New Roman and 12 pt). Genus and species level names are to be typed in *Italics*. Authors in citations must be in SMALL CAPS. Format of citations in text: D'ORBIGNY (1850, 1852), (D'ORBIGNY 1850, 1852; DUMORTIER 1874), MORRIS & CLEEVELY (1981), or PRESTON *et al.* (1996). No further editing requested in the text disregarding titles and paragraphs.

Figures: All illustrations should be numbered consecutively in Arabic numerals in the order in which they are referred to in the text. Please, prepare them electronically in black-and-white colour. Figures needed in high quality (photos at 300 dpi, line drawings at 600 dpi). Size of illustrations: 1:1 to printable form or proportionally larger; "portrait" format preferred for full-page illustration. Digital figures should be submitted in .TIFF or .PSD files.

Maximal printable size of illustrations (full page): 125×180 mm; please, plan them to be economically suitable; lettering and symbols to appear on the illustration should be of sufficient size to allow for considerable reduction where necessary. Use at least 14 pt Bold letters to identify elements in the illustrations.

References: References include exclusively those publications that are cited in the text (which includes captions to figures, plates and tables, however, does not include authorship of taxa). Titles of journals must be given in full and are italicised, as are titles of books. Volume numbers of journals are bold.

HALL C. A. 1964: Middle Miocene Conus (Class Gastropoda) from Piedmont, northern Italy. – *Bollettino della Società Paleontologica Italiana* 3(2): 111–171.

MCKENNA M. & BELL S. 1997: *Classification of Mammals Above the Species Level*. – Columbia University Press, New York, 631 pp.

EMIG C. C. 1997: Biogeography of inarticulated brachiopods. In: R. L. Kaesler (ed.): *Treatise on Invertebrate Paleontology, Part H, Brachiopoda revised* 1: 497–502. Geological Society of America and University of Kansas, Boulder and Lawrence.

Reprints: Responsible author will receive 10 reprints and Adobe Acrobat file of the paper will be available for own distribution.
